

Airshow/Event Appearance Details: **TBM-3E AVENGER** **WWII NAVY TORPEDO BOMBER**

The Grumman TBM is a very impressive aircraft. Its size, sound, and historical significance make it a spectator favorite at air shows and other aviation events!

The CAF Rocky Mountain Wing's TBM is available for flying, static display, and spectator rides (before/after airshow hours). Flying display can be solo or part of a WWII tactical Warbird act. Static display provides a tour over the wing of the aircraft that includes stories of the heroes who flew and supported WWII combat missions.

An appearance fee based on the distance flown to your event is required at time of scheduling.

Additional requirements:

- Round-trip fuel & oil.
- Rooms for 4 to 6 crew members
- Vehicle for crew transportation.
- Flight demonstrations must be negotiated prior to arrival.
- Public relations: TBM is available for VIP, media, or sponsor flights – up to 3 passengers at \$400 plus fuel.
