The Rocky Mountain Wing of the Commemorative Air Force is a local 501(C)3 nonprofit. We are organizing a fundraiser to be held on June 13, 2020 at the Grand Junction Airport. The first-ever *UFO Fly-In and Kids' Discovery Day* will introduce kids of all ages to the wonder of flight with a focus on the science and technology that makes controlled flight work. Details at <https://www.rmwcfa.org/ufo5>.

These UFOs are *Unique Flying Objects* including rarely seen aircraft, WWII warbirds, drones, old classics, gliders, ultralights, balloons, gyrocopters and helicopters, etc. The UFOs will fly in to this event from around the Southwest, and their owners will explain how they work and what makes them unique. A Kids Discovery Zone will feature flight simulators and aviation-oriented educational displays, presentations, and interactive experiments designed to inspire an interest in STEM education.

Your sponsorship of this event is needed, and will benefit children and families, the community, the airport, and you. Your name and contribution level will be displayed in our Museum and on our website and Facebook page. You will be our guest at the event where you will see firsthand the impact of your contribution.

We request the honor of your partnership in this very special event.

Kent Taylor

Wing Leader - CAF Rocky Mountain Wing
